

WE ARE BOUTIQUE

WE ARE BOUTIQUE.

Location: Saw Mill Yard, Leeds

Contract Period: 4 Weeks

Services:

'Boutique' was the keyword for this project, it was vital that our design reflected this. The use of colour, lighting, decoration and furniture creates a warm and welcoming, relaxed environment with leather armchairs and sofas, coffee tables, bookcase, rugs, exposed brickwork and velvet curtains. A drink and refrigerated unit was incorporated into our design also.

The thorough refurbishment included the installation of solid partitions, feature MF ceilings, glazed partitions with glass door and manifestation, wall panelling, electrical reconfiguration, installation of feature lighting and interior and exterior signage. The space now has four meeting rooms, a chill out room and open-plan working office space.

"We are chuffed to bits with our interior solution that Ultimate provided, from the first moment that we saw Ultimate's visual for our office it was immediately apparent that they totally understood our brief.

-Steve Smythson, We Are Boutique.
